SHORT CUT TO JUSTICE.
Taft Urges Change in Court Procedure

Head of Bar Association Demands Adoption of Simpler Code.

Accuses Legislatures of Blocking Wheels of Progress.

B. Parker Declares for Uniform System in the United States.

WASHINGTON BUREAU OF THE TIMES, Feb. 27.—When former President Taft arrived today to appear before the Judiciary Committee, there was considerable discussion among the committee members as to how to address him. It was finally decided to call him just "Mister." Taft got wind of this and told Charles Clayton that he did not want what they called him, President, ex-President, or mis-ter, as long as "you don't call me mis-ter."

WASHINGTON, Feb. 27.—An appeal for simplification of court procedure to facilitate the administration of justice was made to the House Judiciary Committee today by a delegation of noted lawyers, headed by President Taft.

dicate a coalition of those opposed to
President Gomez.

COULDN'T READ, DIES WEALTHY.

Millionaire Hog Magnate Signed His Will with a Cross.

(BY A. P. NIGHT WIRE.)
NEW YORK, Feb. 27.—In a will, signed with a cross, because he never learned to read or write, Mathew J. McIntyre, who made nearly a million dollars raising hogs, left the bulk of his estate to St. Patrick's Church in Long Island City, to be used for the support of the parochial school, so that chil-
dren of his parish might have the education he was denied. Nine nephews and nieces con-
tested the will on the ground that McIntyre was incompetent when he affixed his mark to it a year ago. The Surrogate of Queens county overruled today their contest and admitted the will to probate.

FINDS LONG-LOST NIECE.

Los Angeles Man Discovers Her Whereabouts in Arizona Through Reading an Account of Accident.

(BY A. P. NIGHT WIRE.)
DOUGLAS, (Ariz.) Feb. 27.—Through reading an Associated Press dispatch containing an account of the burning of Mrs. J. M. Rich, wife of a minister at McNair, Ariz., when a fireless cooker exploded recently, Charles Reed of Los Angeles was led to the discovery of his niece, of whom he had lost trace twenty-five years ago. Mrs. Rich received word from him today that he would soon come to visit her.

ARCTIC STREAM LOST.

British Ship Well Known Along Pacific Coast Goes Aground en Route to Rotterdam.

(BY A. P. NIGHT WIRE.)
PORTLAND, (Or.) Feb. 27.—With a part cargo of pig iron and fire brick, the British ship Arctic Stream, Capt. Stewart, went aground February 22, while en route from Leith, Eng-
land, to Rotterdam, Holland, to finish loading for San Francisco, and is a total wreck, according to a message received here today by Meyer, Wilson & Co., who had chartered her. No further details were given and it is presumed there was no loss of life. The Arctic Stream was well known along the Pacific Coast.
T. Law & Co. of Glasgow are own-
ers. She was of 1495 tons net regis-
tered.

rorize a Baptist Prayer-
Meeting.

Police in Chicago Scatter
Paraders Who Put Women
in Front Rank.

Windy City Authorities Fail
Attempt to March to
Mayor's Office.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
NEW YORK BUREAU OF THE TIMES, Feb. 27.—About 1000 men who said they were unem-
ployed marched to the old Baptist Tabernacle on Second avenue tonight and demanded shelter. The regular Friday night prayer meeting was in progress and the Rev. Dr. R. W. Pierce, the pastor of the church, was presiding. The prayer meeting began at 7 o'clock. It had hardly got under way when the tramping of many feet down the church aisles brought it to a sudden close.
Led by a man whose clothing told of poverty, the van of the army entered the church. About sixty men had entered before the sexton, John A. Sayer, shut the door. Cries of re-
monstrance from those outside mingled with the low talk of the men who had gained entrance. The leader of the invaders pressed for-
ward as spokesman.
Now, according to you give us the use of this church for shelter," he said.
"Yes, yes," the others cried.
Dr. Pierce held up his hand for silence. He looked at the cushions in the pews and at the unkempt men who desired to sleep in them.
"I'm afraid I can't allow that," he answered.
"Let us sleep in the basement, then," the leader said.
"I do not think that I will permit that, either," Dr. Pierce replied.
The pastor continued to talk quietly to the men and asked them to leave the church and not disturb the services. In the meantime those who had been shut out were trying to force their way in. Failing, they or-
ganized a meeting in the street. The speaking was at its height when Patrolman Wagner of the Fifth-street station interfered.
Using the methods of Dr. Pierce, Wagner tried to get the men to go away quietly.
"Who sent you here?" he inquired. Several of the crowd pointed to a tall man wearing a dowing tie. No one seemed to know who he was. Al-
though he had led the throng all the way from Rutherford Square he had been kept outside the church.
Just then the men who had entered the church left. Dr. Pierce telephoned to the police station, from which Lieut. West sent the reserves. They arrived to find the crowd scat-
tered.
The decent upon the Baptist Tabernacle was tonight an incident in a program arranged by students in the Industrial Workers of the World.

CHICAGO POLICE ROUT AGITATORS.

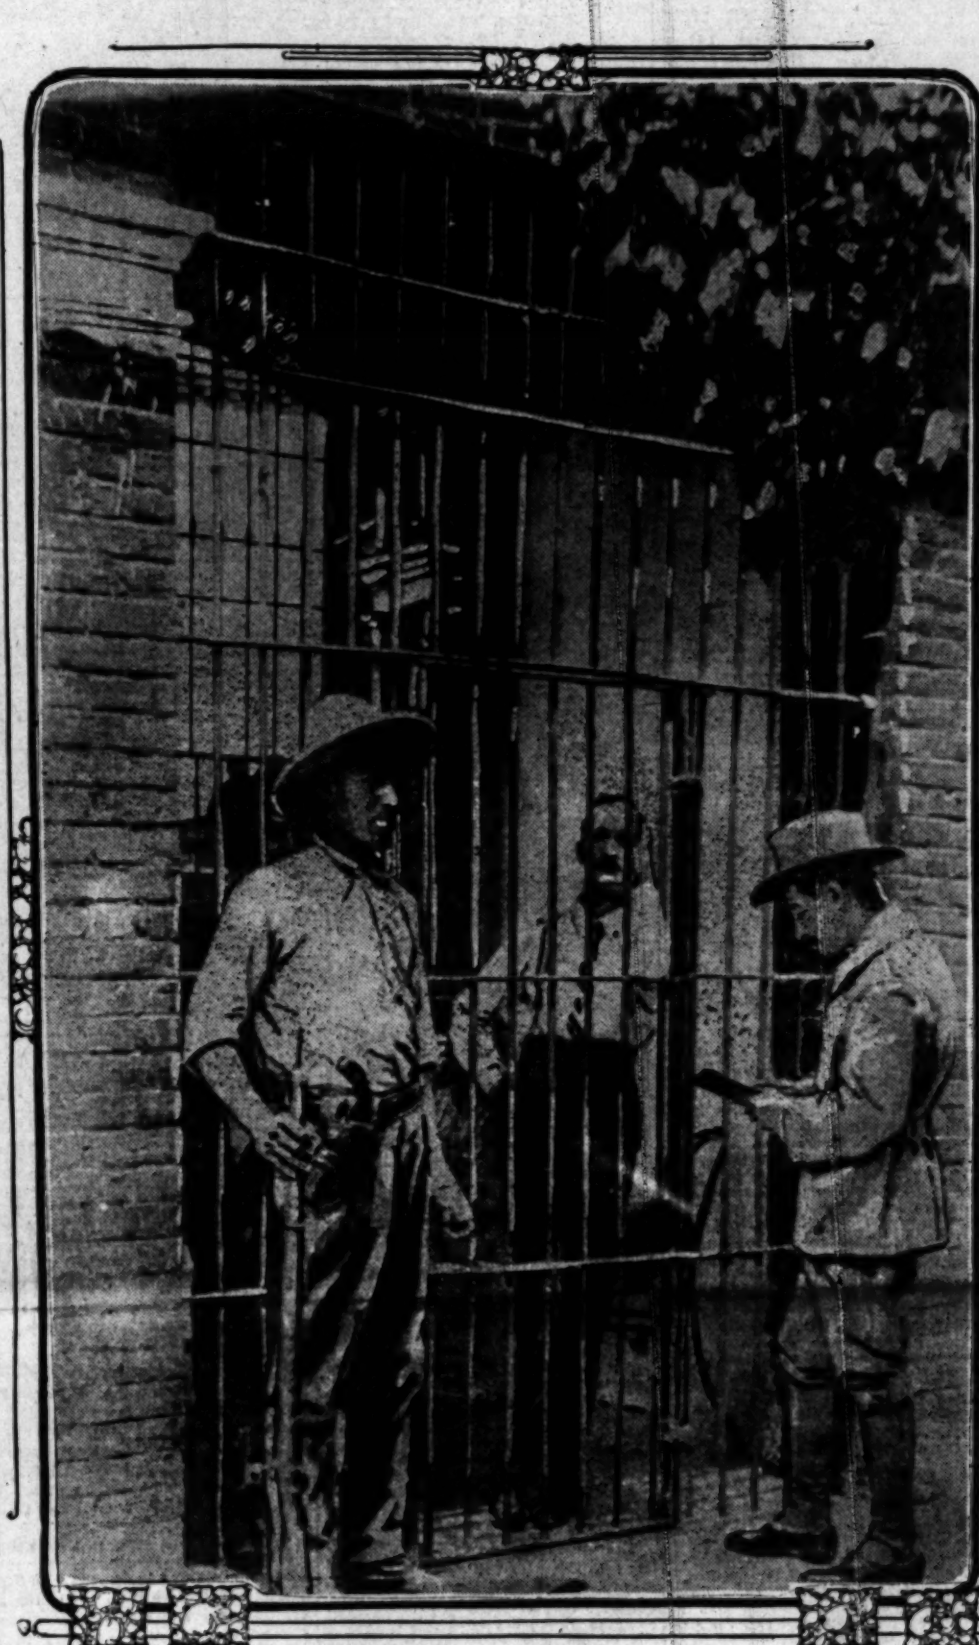

CHICAGO BUREAU OF THE TIMES, Feb. 27.—One dash by a small detachment of mounted police, accompanied by a handful of patrolmen, speedily put to utter rout the "army" of unemployed who had threatened to march upon the City Hall this afternoon.

The 500 marchers were met at West Madison and Desplaines streets as they melted like snow when the police charged. The flight was general and marked by much confusion, the "army" racing for alleys, into stores, down basement steps in any direction to get away. "Gen." Martin, who led them, made a vain effort to reor-
ganize his scattered forces.
At the meeting prior to the start of the forbidden parade, the leaders had given instructions that the "army" should place its women and children in the front ranks that they might bear the brunt of the police attack. Hearing this, the police did not allow time for the plan to be carried out, but charged at once. The men of the "army" fled precipitately.

Following yesterday's experience, when the same crowd managed to invade the City Hall, the authorities refused permission for the parade. "Gen." Martin announced his "army" would parade anyway, regardless of police orders. Orders were given to all police stations to post three mounted police and two patrolmen at every bridge leading from the West side, and prevent the "army" from crossing into the loop district. Forty reserves were held subject to call in the event anything approaching a riot should develop. "Gen." Martin had vowed blood would flow after his de-
mands had been rejected. Watch was also kept on the elevated train com-
ing across the river from the West side, as it was thought the paraders might resort to that means of getting into the loop district.
Police officials believe affairs on the West side are rapidly shaping them-
selves for another Haymarket riot. Agitators are constantly at work in-
citing hatred for the authorities. The city and charitable organizations have mixed up in today's demonstration, but a few days ago they objected to the food because it was not of a spec-
ified brand and announced they would

(Continued on Third Page.)

The Bastille of the Mexican Revolution.

The jail in Juarez.

Though perhaps not so imposing as the prison in Paris, made famous by the revolution, the jail in Juarez is challeng-
ing its fame. In this jail are and have been held Americans and other foreigners whose cases have become celebrated since the "execution" of Benton, the Englishman, by Villa. The man seen behind the bars is described by the Juarez authorities as the American, Bauch, for whom Bryan and the consular agents in Mexico are searching. The photo is said to have been given out in Juarez to prove that Bauch is alive. Friends and relatives, however, say the man pictured behind the bars is not Bauch.

JAPANESE WIFE MUST GO BACK.

THOUGH WEDDED TO AMERICAN, ORDERED DEPORTED.

Immigration Officials Bar from This Country Mrs. Sado McDaniels, Who Married a Physician in the Orient and Arrived on the Chicago Maru Last Week.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
TACOMA, (Wash.) Feb. 27.—Mrs. Sado McDaniels, Japanese wife of an American physician in the Orient, who arrived on the steamer Chicago Maru last week, has been ordered deported by the United States im-
migration authorities. She will be sent back to Japan on the Chicago Maru Monday unless an appeal is taken.
The order was made on the ground, it is understood, that she has no passport. The fact that she is the wife of an American, immigration au-
thorities held, does not make her an American citizen.
Mrs. McDaniels was married seven years ago to Dr. J. E. McDaniels, then an assistant in a Yokohama hos-
pital.
Dr. McDaniels recently was moved to Manila, where he is a surgeon on a government vessel.
Mrs. McDaniels was on her way to Independence, Or., to visit the boy-
hood home of her husband. She speaks good English and wears American clothes.
RELEASE USES THE VETO.
Governor Declares He'd Resign and Go Somewhere Before He Would Sign Inspection Bill.
(BY A. P. NIGHT WIRE.)
COLUMBIA, (S. C.) Feb. 27.—"Be-
fore I would sign such a bill I would resign and go into eternal oblivion," said Gov. Blease today, vetoing a bill for medical inspection of children at-
tending public schools in Richland county. The Governor characterized such legislation as "outrageous, un-
called for, ill-advised and dictatorial."

Constitutionalists Likely to Break Up Into Guerrilla Bands Since the Head of the Movement Has Become a Cattle King—Open Clash Predicted with the Ex-Bandit at Chihuahua Who Holds All Trump Cards.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
JUAREZ, (Mex.) Feb. 27.—At-
tempts to conceal the discord be-
tween Gen. Carranza, the recog-
nized head of the revolution, and Gen. Villa, the conqueror of the Federalists in Chihuahua, were abandoned today when the name of the "First Chief" was roundly hissed in the halls of the Constitutional military head-
quarters and notice was quietly given that in the future Gen. Villa would be saluted as the "Supreme and sole head of the army."
That the Constitutional move-
ment is in danger of disruption from
the personal ambitions of the various
leaders was admitted at a meeting
of Gen. Villa's advisers here this
afternoon to formulate ways and
means of stemming the tide of public
opinion which is likely to result in
the disintegration of the army into
guerrilla bands seeking enrichment
through plunder.
Although repeatedly stated in these
dispatches that Carranza and Villa
were at odds, it was not until this af-
ternoon that the local press pen-
etrated the situation sufficiently to
crisp the facts.
That Carranza's influence with the
personal ambitions of the various
leaders was admitted at a meeting
of Gen. Villa's advisers here this
afternoon to formulate ways and
means of stemming the tide of public
opinion which is likely to result in
the disintegration of the army into
guerrilla bands seeking enrichment
through plunder.

(Continued on Second Page.)

ONLY LICENSED MACHINES IN AEROPLANE RACES.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
NEW YORK BUREAU OF THE TIMES, Feb. 27.—Orville Wright's statement today that Glenn H. Curtiss knew the machine he is build-
ing would not make a trans-Atlantic flight and that he would license, on a 20 per cent. basis, those manu-
facturers who paid him a percentage on all the aeroplanes he had turned out up to present time was brought forth by the following statement from President Hawley of the Aero Club today:
"At least, now we know where we stand. Whatever Orville Wright said goes 100 per cent. with me. There is a court decision in the matter, and what can we, as a club, do but stand back of it? The situation is now clear."
The Aero Club has been withhold-
ing its sanction of any flying events, national or local, until the Wright Company's attitude was made plain. Now the club will doubtless take the stand that no entry for any flying event will be sanctioned unless the machine has been licensed.

WAY OUT IS WAY IN.

Mondell Says It Is Intervention.

Congressman Fears the Wil-
son "Lack of Policy" Will
Compel Force.

Eight Hundred Marines and
a Transport Being Held
at New Orleans.

London's Curb Market Af-
fected by Rumors from
Capital of Mexico.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 27.—Rep-
resentative Mondell, Republican of
Wyoming, in a vigorous attack
on the Mexican policy in the House,
predicted that in the event of the
Constitutionalists overthrowing Hu-
erta, there would follow a "reign of
rape and rapine, plunder and mur-
der," that would spread over all Mex-
ico.
"The recent cold-blooded murder,
or barbarous execution, whichever it
may prove to have been, of the
ranchman Benton at Juarez," Mondell
said, "has served to throw a sinister
light on the character of the Con-
stitutionalist commander of the north,
but neither a surprise nor revelation
to those who have been following de-
velopments in Northern Mexico. It
simply serves to throw into relief the
character of the forces of barbarism
and outlaws which are the back-
wash of the Mexican revolution, a
pathetic and a pathetic and great
devoid of all humanitarian and pa-
triotic instincts that inspired that un-
fortunate man."
Mr. Mondell said he credited the
best intentions to President Wilson
and Secretary Bryan, "but good in-
tentions cannot save us from disaster
unless they are backed by a firm
policy."
Mondell, acting on impulse when not on prej-
udice, are likely to bring on us."
"Whereas, in the case of Mondell
concluded, "the policy of retreat in
China, of aimless vacillation in Mex-
ico, meddling in the West Indies and
entanglement in Central America
with the administration's plan of
scout and scuttles in the Philippines,
where we have no interest and great
responsibilities, we have a picture of
external affairs calculated to make
fools laugh and wise men groan."
Mr. Mondell criticized the Presi-
dent's removal of the embargo on
arms, and said the only fixed ele-
ment in the administration's attitude
"are the continued evidences of per-
sonal antipathy toward the individual
at the head of the only government
in Mexico which has any standing
among the nations, or that makes any
pretense of protecting life and prop-
erty from the ravages of a civil war in
a civilized manner."
"Lack of policy," he said, "eventual-
ly will compel us to intervene, with
its horrors and calamities."
Mr. Mondell defended President
Taft's policy and pictured Carranza as
a panderer and a panderer, who
temporarily tolerated by outlaw chiefs
to cloak and lend respectability
to their plans and practices of pillage,
outrage and murder.
"While plotting Huerta's downfall,"
he said, "we are holding in American
territory and providing for the needs
of Mexican women and children, be-
cause we dare not take the responsi-
bility of turning them over to the law
and savagery of the Huerta forces
who are arming and encouraging against
Huerta."

THE PENSION ANGLE.

In a speech attacking the pension
policy of the government, Representa-
tive Dies, Democrat, of Texas, warned
against Mexican intervention.

"If there is anything that ought to
made a prudent man pause in this
Mexican situation, it is the thought
of the pensions," he said. "When you
unfurl the American flag in Mexico it
will stay there until the doomsday
book is opened. There will be no
Cubanizing of Mexico, it will have to
be divided up into sister States of this
Union for it is contiguous territory."

IF VILLA ATTACKS US.

Representative Clayton, Democrat,
of Texas, member of the Military Af-
fairs Committee, assured the House
today that should Gen. Villa attempt
to invade the United States, the State
of Texas would undertake to protect
the Federal government and its army.
Mr. Clayton was replying in sarcastic
vein to Representative McKellar's
statement that the army was inade-
quate to perform its functions.

MEXICAN REPORTS INFLUENCE LONDON.

(BY ATLANTIC CABLE AND A. P.)
LONDON, Feb. 27.—Unusual activ-
ity was displayed on the curb market
after the Stock Exchange had closed
today, speculators purchasing Mexi-
cans on an erroneous report said to
have been received from New York
that Gen. Huerta had asked President
Wilson to intervene and to co-operate
in establishing peace in Mexico.

BASED ON HUERTA'S NOTE.

(BY A. P. DAY WIRE.)
WASHINGTON, Feb. 27.—Rumors
current in New York that President
Huerta had requested the assistance
of the United States appeared to be
based on memorandum issued by the
Huerta authorities at Mexico City last
night, appealing to the government to
consider the effect of the recent de-
crees raising the embargo on arms.
Whether such an appeal amounts to
a request for assistance is regarded as
a matter of construction, but there is
nothing in the nature of a direct re-
quest.

(Continued on Second Page.)

LONE INQUIRY BY PERCEVAL.

British Agent Independent
in the Benton Affair.

Fails to Discuss Mission
with Gen. Scott.

The Body of Vergara Said
to Have Disappeared.

(BY A. P. NIGHT WIRE.)

EL PASO (Tex.) Feb. 27.—Charles Arthur Perceval of the British Consular service, sent here to investigate the death of William S. Benton, plunged into the inquiry independently today. He broke a perfect silence only to state that he had telephoned to Gen. Hugh L. Scott, commander at Ft. Bliss, that he was in the city. This afternoon Gen. Scott called formally on the British visitor, thus affording him an opportunity for any assistance within the power of the general to render. It was learned from an apparently reliable source that Perceval did not broach the subject of his mission here, and for that reason it did not come up at all.

George C. Carothers of the American consular service, go-between of the State Department and Gen. Villa, and Thomas B. Edwards, American Consul at Juarez, held themselves in readiness to respond to any invitation from Mr. Perceval to call, or for instructions from Washington to do so, but none came.

Mr. Perceval was busy all day. Among his visitors who were recorded were George Curry, former Governor of New Mexico, and chairman of the mass meeting which was held here a week ago to protest against the treatment of foreigners in Mexico. James Hamilton, a prominent British subject, long resident in Mexico, but now a refugee; Mrs. William S. Benton, widow of the man who was slain; and William Benton, Douglas's former. There were others but they could not be identified.

Curry and Hamilton gave Mr. Perceval a list of witnesses whom they suggested he might wish to interrogate.

It was reported today that a rug which was in Villa's office when Benton disappeared the next day. Local undertakers today expressed the opinion that Benton's body by this time has so far decomposed that an examination probably would be productive of no definite evidence of his death. It was doubtful, they said, if at this time a stab wound could be distinguished from one made by a bullet.

No information as to the departure of the commission to examine the body was available here today. Consul Edwards was without advice from Chihuahua, was bending his energies toward ascertaining the facts in the case of Harry Compton, an American said to be imprisoned at Ojinera.

LETCHER'S WAITING POLICY.

(BY A. P. NIGHT WIRE.)

CHIHUAHUA (Mex.) Feb. 27.—Marion Letcher, the American Consul here, today awaited instructions from Washington as to whether he should accept the special train offered by Gen. Villa to bring the Benton investigating committee from Juarez to this city.

It is expected here that Consul Letcher will be placed in charge of the work of directing the Benton committee. He is expected to report to the State Department.

Villa says he is anxious that the committee should hasten as he desires to make an early start for Torreon.

VILLA'S LATEST ORDER.

(BY A. P. DAY WIRE.)

JUAREZ (Mex.) Feb. 27.—An order received today from Gen. Villa instructs that hereafter the American Consul shall be informed promptly of the arrest of all foreigners. In the future it is planned to have Gen. Carranza, expected here within a few days, handle all subjects concerning foreigners and all inquiries will be referred to him.

Federico Gonzales Garza, counselor to the governor, said that Charles Perceval, British representative in Mexico, in connection with the Benton execution, would be received here with every courtesy should he choose to make a visit, but that if he wished to make any inquiries he would be referred to Carranza.

Official confirmation was received of the presence of a small band of Federalists at San Pedro, on the Mexican and Northwestern border, who were the wires, which have been restored, and detailed a train, and rebel troops

have been sent out against them. No casualties in the derailment are reported.

CAN'T FIND VERGARA'S BODY.

(BY A. P. DAY WIRE.)

LAREDO (Tex.) Feb. 27.—Nothing further will be done toward recovering the body of Clemente Vergara until instructions are received from Washington or authority from Mexico is given, Alonso B. Garrett, United States Consul at Nuevo Laredo, said today.

A situation similar to the Benton incident at Juarez has developed. United States authorities here do not know exactly what has become of Vergara's body. Suspicion that it was buried is based on the fact that a newly made grave was seen near the place where the body had been hanging, not far from Hidalgo, Mex. Pears were expressed today that necessary authorization for a search arrives the body may be exhumed or other steps taken to conceal it.

Friends of Vergara were aroused by reports made by American Consul Garrett and Vergara's brother-in-law, S. J. Hill, who yesterday visited the scene of the rancher's execution near Hidalgo, Mex. Vergara's friends assert they will press for the arrest of responsibility for the hanging and for punishment of the American's executioners.

The dual investigation into Vergara's death was expected to assume definite form today. The Federal investigation began several days ago while the State's inquiry was ordered only yesterday by Gov. Colquitt, who indicated that he might take decisive steps toward punishing Vergara's slayers if they become known.

WATCH CHANCE TO STRIKE.

Huerta Followers at Douglas Negotiate for the Purchase of Two Machine Guns.

(BY A. P. NIGHT WIRE.)

DOUGLAS (Ariz.) Feb. 27.—Following a report from Naco last night that a band of 100 Federal sympathizers had crossed the border and come into the mountains, it was learned today that Mexicans identified with the Huerta contingent have been negotiating here for the purchase of two machine guns. Ammunition sales have decreased over 50 per cent. here and in El Paso since the embargo on arms was lifted. It is stated, as the rebels are purchasing large lots exclusively from factories.

Huerta sympathizers here say that several hundred former Federal soldiers, supposedly deserters from Ojeda's command, who retain their Federal sympathies, have a secret organization ready to take the field whenever Northern soldiers are stripped of the larger portion of its defenders through sending an insurgent column to Chihuahua.

MURDERERS IS RELEASED.

Mrs. Kate Edwards, Under Death Sentence Nearly Thirteen Years, Is Finally Freed.

(BY A. P. NIGHT WIRE.)

READING (Pa.) Feb. 27.—Mrs. Kate Edwards, who has been in the shadow of the gallows for nearly thirteen years for the killing of her husband, was released today from the County Jail today, under a pardon granted by Gov. Tener, and taken secretly from the city to begin life over again. She was convicted of first-degree murder in 1901 and sentenced to be hanged, but four Governors declined to fix a day for her execution.

Mr. Edwards was convicted of first-degree murder in 1901 and sentenced to be hanged, but four Governors declined to fix a day for her execution.

Adopts Policy of "Watchful Waiting."

Gen. Felix Diaz, Who is shown at the left of the picture, as he arrived in New York City from Havana, says he has no intention of taking part in the affairs of his country at present.

Rebels Hiss Carranza.

(Continued from First Page.)

movement has been broken was explained today on the ground that evidence existed that he was trying to recoup his fortunes by engaging in the cattle trade, and by attempting to absorb the concessions of certain Sonora banks.

As some of the money obtained from taxes on the West Coast has been used to pay the army under Villa, and the fact that at least one of the fiercer is said to have absconded with some \$100,000 led to the severance of diplomatic relations between Carranza and the Chihuahua chieftain, according to Villa's representatives in this city.

SLAM AT VILLA.

The message from Carranza inquiring into the death of Benton and the disappearance of Bauch is said by Federico Gonzales Garza to have been couched in terms that Villa could not accept with self-respect, and that reason it was thought best for the commander to leave for the time being.

That the message from Carranza wanted to know "what are you trying to do?" was admitted, and it is stated on the best of authority that Villa answered that he intended "to run this part of the country as he alone saw fit."

DIPLOMATS SCARED.

Some of the so-called diplomatic corps are preparing to leave, fearing that there are dark days in store for the Constitutional movement.

Although a search is being made for Bauch and the other foreigners who disappeared last week, it is commonly agreed that Villa ordered their execution at a time when he was suffering from the effects of liquor.

WHERE IS CARRANZA?

Reports were received here tonight that Carranza intends to take advantage of the conditions in Chihuahua to enforce his authority as "first chief," and as Villa had practically abandoned this territory, it is thought that Carranza will make the most of his opportunity if, indeed, he has not disappeared.

SOLDIERS MAY REVOLT.

Unless Villa returns, or Carranza appears, the soldiers still remaining in Northern Chihuahua threaten to revolt in order to obtain their pay, long overdue, as they are unable to negotiate the paper that was given them, even at 15 cents on the dollar.

ANARCHY FEARED.

Anarchy in its worst form is feared unless some one appears who can heal the alleged breach between Carranza and Villa.

Dream.

SONORA ARMY JUST A MYTH.

CARRANZA UNABLE TO RAISE A CORPORAL'S GUARD.

Appeal for Troops in Cananea Where Large Enrollment Was Expected Results in Raising 42 Men. Row Between Maytorena and Pesqueira Growing Serious.

(SPECIAL CORRESPONDENCE.)

SANTA CRUZ (Sonora, Mex.) Feb. 27.—Unless a miracle is wrought, the Sonora army of 6000 men, which was to have left Agua Prieta for Chihuahua March 1, will prove a myth. Without depleting the garrisons of the northern towns of Sonora, such as Nogales, Naco and Agua Prieta, and those of

DIAZ IS STILL HOPING FOR CHANGE IN MEXICO.

(BY A. P. DAY WIRE.)

NEW YORK, Feb. 27.—Gen. Felix Diaz, nephew of former President Diaz of Mexico, and himself a recent aspirant for the Presidency in his country, has no intention of taking part in Mexican politics at present. Under existing conditions, he said, in statement made public today, he did not see what he could do to help matters.

"I am simply waiting in New York," the mining camps of Cananea, El Tigre and Nacozari, less than 1000 men are available for the match into Chihuahua to assist "Pancho" Villa in his march south towards Torreon, Monterrey and the City of Mexico.

Three weeks past, official announcements were made by the various rebel chiefs in Sonora that orders had been issued by Carranza for the execution of Villa, a ranchman, owning large haciendas and thousands of men, who was giving a difficult task of engineering the smuggling operations along the Mexican border. Despite the assurance of Carranza, to keep him from making any consent to his interest in Chihuahua. If she insists, it is understood the American government will support Carranza.

The news that Gen. Villa had issued an order requiring that American consular representatives be removed from the country, and that he had ordered all arrests of foreigners was received.

Thus far the State Department has received no satisfactory advice concerning Gustavo Bauch, Consul Edwards reported that he saw him in the Juarez City Jail, but that he had been there for some time. Villa, denying that Bauch was in Chihuahua City. Further inquiry has been made.

REPORT ON VERGARA.

AUSTIN (Tex.) Feb. 27.—Ranger Captain J. J. Sanders, who was in charge of the investigation into the death of Clemente Vergara, an American ranchman, was shot to death while in the custody of Mexican Federal troops, ostensibly en route from the jail at Hidalgo to Federal headquarters at Pico Blanco, Mex.

Capt. Sanders, in his report, said that on the morning of February 13, five Federal soldiers commanded by Apolinario Rodriguez, crossed the border to an island belonging to the United States, took eleven horses belonging to Clemente Vergara, and then called to Vergara to come to the island on the pretext that Rodriguez wished to pay for the animals. Vergara and a nephew present refused to continue the report, and when they reached the Mexican side, the Federal soldiers pointed their rifles at the butts of their revolvers and carried him to Hidalgo.

The capture was effected Friday. According to Capt. Sanders, on Sunday Vergara was taken from the Hidalgo jail and started under guard, with expressing that he was on his way to the United States.

The text of Gov. Colquitt's telegram was based on rights of extradition which Gov. Colquitt claims were granted border States in a treaty between the United States and Mexico. The governor today, held that regulation may properly be made for Rodriguez and the five men with him who are charged with the seizure of Vergara. Such regulation, he said, should be upon the "militant" chief who may at this time be located in the district where Vergara was killed outside of Texas. Looney said, the Governor could not regulation on a charge of murder, but only for those theft, which occurred in Texas soil.

Gov. Colquitt again telegraphed Secretary of State Bryan tonight, asking what method should be followed in an effort to apprehend those responsible for the killing of Vergara.

PLEADS GUILTY; FINED.
George Wellborn yesterday fined \$50.00, on his plea of guilty, for impersonating the real owner of a certificate of residence, and for his imprisonment in the County Jail until the fine is paid.

She said that Moore had prevailed upon her husband to join him in the "stick-up" of a grocery store on East Jefferson street. She heard all the plans laid, she said, and had heard her husband consent. She saw him oil his revolver, load the chambers and make ready for a desperate night.

HAUNTS TRAIL WITH MYSTERY.

Youth of Unlimited Credit Traced to Coast.

Evidence of Murder Becomes Stronger Daily.

Lapse of Memory May Prove Cause of Going.

Evidence that seems to substantiate the theory of murder was uncovered last night by detectives, who have been trying to find trace of John William Smith, the wealthy young Englishman who disappeared from his Glendale home a month ago. Los Angeles and Scotland Yard detectives found trace of a man who has been trailing Smith across the continent for months, and who was seen in Los Angeles on or about the date of Smith's disappearance.

Smith is a young man of unlimited credit at any bank where his credentials are presented. He came to Los Angeles and stopped for a week at the Alexandria, later going to the Santa Hotel and finally to an apartment at No. 824 Golden street. He never was seen with women, nor did he drink, but he visited the Y.M.C.A. frequently, and was regarded as a model young man.

When he left the Golden apartments Smith took with him a handbag filled with clothes. A trunkful of clothes he left there. He had received many letters, but he never was found among his effects. There is not the scratch of a pen to show who he is, who his people are, or what are his antecedents. He spoke of having worked in Chicago at a wholesale liquor house, but the employment was not to his liking, and he went to Oklahoma, where he has distant relatives. Then he came to Los Angeles, became interested in poultry through visiting the recent poultry show, and advertised for a place to learn the poultry business.

At that time he was living at the Perkins apartments in Golden street. His advertisement was answered by L. E. Jenkins, of Glendale, and he lived with that family eight days before he disappeared.

SHOCK IN NECK. Smith told of having received a severe shock, which affected the back of his neck. It gave him headaches, and he learned, through Jenkins, of Dr. Brainerd, an alienist in the Exchange building. When he left the Jenkins home on January 26 he had no intention of visiting the physician, but after he had drawn \$400 in large bills from the National Bank of California he procured Dr. Brainerd's address. He did not visit the physician.

Smith has \$550 in the bank now. He has not drawn against that amount since he disappeared. Yesterday Detective Bonner, working under the direction of Detective Louis Duni of the District Attorney's office, visited every railroad office and every steamship office in the city, but failed to find trace of any young man answering Smith's description who had engaged passage about January 26.

That Smith was subject to lapses of memory the Jenkins family does not doubt. An incident occurred at the Jenkins home which shows that at times he did things for which he was unaccountable. Absent-mindedly he would leave his shoes in the middle of the parlor floor and place his coat on the dining-room table when he was undressed for the night, whereas his habit was to be neat and methodical and to arrange his clothes neatly for the night.

Yet this fact does not deter the Jenkins family nor the detectives working on the case from believing that Smith has been the victim of a foul play. The fact that he drew money in such large denominations, coupled with the knowledge that he has been marked for some time by a mysterious person, who followed him in his travels, has established a more serious theory than that of aphasia.

FALSE COLORS. Smith is not believed to be his true name, although it is used in a letter from the Stock Exchange Bank at Hull, Eng., to the National Bank of California here. When he wrote letters to his family in England, he never addressed the letters by the name of "Smith." Ever to his brother he addressed a letter by a different name. This fact, together with the failure to find letters among his effects, leads the detectives and friends to believe that there is some hidden reason for his false identity, assuming that Smith is not his true name.

Smith said that his aunt owns a wholesale fruit business at Hull and that his own mother died when he was two months old. At about the same time his cousin died and his aunt took him to rear. This may account for the dissimilarity in names, although Jenkins cannot understand why Smith addressed his own brother by a different name.

Detectives from the District Attorney's office yesterday made a flying trip in an auto to Glendale in answer to a hurry call. They found a Glendale youth had returned home after an absence since January 24 and was preparing to depart. It was said that he met Smith in Los Angeles on the day of the disappearance. Instead, the detectives learned that no one could be located who had seen Smith in Los Angeles on January 26, but Howard Smith and Lee Jenkins told the officers of having been with the young man the night before.

That Smith was used to the expenditure of plenty of money is shown by his offer to give away a trunkful of new clothes, to buy an expensive musical instrument, and to get whatever he seemed to want, no matter what the cost. At the same time he was not extravagant in his tastes, and when he disappeared he wore an old gray suit.

The case has set Glendale agog. Tomorrow Rev. John Henry of the Baptist Church will again charge from his pulpit that the boy has been murdered. He hopes to stir the conscience of every man, woman and child in California until they will all be on the lookout for John William Smith.

UNDELIVERED TELEGRAMS. There are telegrams at the Western Union for R. A. Becker, Addison, Calif.; Andrew Pickers, Ames, S. Cranmer, A. E. Cross, A. Campos, W. H. Compton, G. K. Estes, O. L. Forman, A. T. Gray, Justo V. Gonzalez, Ray Holland, Mrs. J. C. Joseph, Maggie Kier, H. H. Lowe, L. W. Livingston, J. H. Mathews, A. L. Martin, A. D. Nescus, J. W. Oakes, L. E. Parker, H. W. Richards, J. R. Ramsey, George Renner, Max M. Homer, John W. Rose, Mrs. Rudberry, Dr. A. S. Stewart, Thomas A. Shaw, Lottie M. Smith, Milton Thomas, Miss N. M. Voter and Charles W. Wolfe.

Quick Action Assured.

(Continued from First Page.)

merely a citizen who wishes to see something done quickly.

FINANCIAL PLAN. County Counsel Hill gave it as his opinion that "under the storm water act of the State all benefited districts might be taken in for assessment." He doubted, however, whether or not the whole county could be taken in, but emphatically stated that the county may contribute from its general fund and may make a tax levy for the purpose.

"This is an occasion for a benevolent despotism," said H. V. O'Melveny, representing the Dominguez estate, "and we do not wish to see any series of small protection districts formed. Why, I know a \$25,000 protection district that you can't find with a microscope today."

O'Melveny's views were reiterated by speaker after speaker. "Belknap is my name," said one man. "I am not washed out, but am piled up." Belknap attributed his salvation to a line of gum trees along the current side of the farm and came out strong against willows, which Fredericks had proposed as alternative for adding consistency to levees, in case oiled banks were not found effective. Another man presented a scheme to plant willows in arcs intersecting the watershed of all streams as a means to prevent erosion and hold back storm waters. An unnamed variety of grass was also suggested by one man as a means of holding together earthworks.

Oscar L. Trippet suggested that the board request the government to send an engineer here to view the situation. Supervisor Norton urged support of the Newlands River Reclamation Bill as a means of getting \$5,000,000 yearly for distribution in California and Oregon for just such work. Supervisor Hinshaw urged that all bridges hereafter built by any interests span streams at sufficient height and in sufficient sweep to prevent catching driftwood and thus backing up the water.

Compton, Clearwater, Downey, Long Beach, San Pedro, the San Antonio and New San Gabriel Protection Districts and a half-hundred other towns and organizations were all represented at the meeting, which extended from 9:30 o'clock in the morning until well after noon. With unanimity the many speakers came out flatfooted for immediate action on the Fredericks' scheme.

"But we must remember," cautioned Fridman, "that the San Fernando Valley, the Santa Monica Canyon country and other portions of the county remote from the more pronounced flood-destruction caused by the Los Angeles, Rio Hondo and San Gabriel rivers also have their problems. We should handle all their problems as one big problem."

"Hear! hear!" came from the audience.

Military.

WITH PRECISION AND DISPATCH.

COL. WALLACE TAYLOR TAKES LOS ANGELES BRIDE.

Notable Figure in Philippine Constabulary Quietly Married Here and Is Away on His Honeymoon Almost Before Anyone Knows Anything About It.

Col. Wallace C. Taylor of the Philippine Constabulary, has captured a wife and retreated with such skill and dispatch that not even the relatives of the former Miss Jeanette H. Lewis of No. 110 South Hoover street, are able to locate Col. and Mrs. Taylor definitely in the portion of Southern California in which they are passing their honeymoon.

The marriage occurred at the home of the bride's mother, Mrs. Katherine Ludlow Lewis, on Wednesday evening, Rev. E. J. Adams, formerly assistant pastor of the Immanuel Presbyterian Church, performing the ceremony. It was the outcome of years of friendship between the bride and groom and was very quiet and simple.

So wary was Col. Taylor in his courtship that few, if any, of his brother officers in the Philippines knew of any of the details, much less the name of his fiancée. When he returns to the islands he will have a man of brilliant record in the service, having gone into the ranks as a captain of Co. L, Nebraska Volunteers, who were among the first soldiers to set foot in the islands.

At the conclusion of serious hostilities Col. Taylor joined the constabulary, and in that service has had a number of thrilling encounters, some of which have left the scar of the bolo indelibly imprinted. He has seen many encounters with the Moro and the head-hunting tribes and has served under every Governor-General since the occupation of the islands. These he declares are in a Pacific state at this time, with the disavowment of the non-Christian tribes.

After a few weeks in Southern California, Col. and Mrs. Taylor will leave the latter part of March for Manila, where they will make their permanent home.

MAKING REAL MEN.

Playgrounds Keep Children Out of Mischief Says the Man Who Studies the Situation.

"Where there are playgrounds, there the juvenile court goes out of business." This was the keynote of the address of Charles W. Garfield, "the playground man," as he is known in his native State of Michigan, given before the Michigan Alumni Association at the University Club luncheon, yesterday noon.

The speaker gave the history of the playground movement in Grand Rapids, showing how the recreation centers had been developed, until at present there is a playground within half a mile of every school. He told of the relation between the playground and the social center, how there is a moving picture show in connection with each playground, and how these and other forms of amusement keep the children from the streets.

Garfield voiced the opinion that the playgrounds are a constructive method of managing children. "By establishing playgrounds we are laying out a course ahead of them, instead of letting them find their own course and stumble into wrong paths."

EL SEGUNDO, Feb. 27.—The Standard Oil Company's wharf at El Segundo has been sufficiently repaired so that from now on shipments of oil can be made via steamer. The first cargo since the storm along the coast several weeks ago left there today via steamer George Loomis, with 24,000 barrels of oil for San Diego. Delayed shipments will be sent out from now on to both northern and southern points, as well as to the Orient. One of the largest tank steamers owned by the company is expected daily and when loaded will depart for Japanese ports.

SAFETY MOTHER'S ARE HER PIES

Today's Cooking Lesson's to Be a Crusty Affair.

Mrs. Haffner-Ginger Planning Pleasant Surprises.

Delicious Pastries Among Best Things She Makes.

Not pie as good as mother used to make. But better pie, is what Mrs. Bertha Haffner-Ginger has called as this afternoon's lesson for the Times School of Domestic Science, and what Mrs. Haffner-Ginger promises to usually carry out, so all who

attend the lectures can depend upon using this afternoon pie-crust more delicious than any they have ever tasted before.

There will be every variety of pie that you know, for Mrs. Haffner-Ginger always springs some sort of a surprise on her class, and this afternoon will be no exception. The little "side science" which she turns on domestic utensils, the new brands of food, and the old little human vein to all her lectures, are some of the things that are causing every lesson with eager housewives.

The popularity of The Times Cooking lectures seems to be increasing with every lesson, but Mrs. Haffner-Ginger says that there couldn't be a more popular audience to suit her. A work, so the keeper of the school, the many questions and the good humor have greatly assisted her.

"It is like making new friends," Mrs. Haffner-Ginger told one of her pupils. "If I and a new brand of food or canned goods that is especially good, why should I not be making a new friend whom I had found besides pie?"

Besides pie better than mother used to make, Mrs. Haffner-Ginger has a lot of "goodies," such as home-made jam, and so this afternoon's lesson is sure to be a most interesting one.

There will be another one of these charming tables that Bullock arranged for each lesson. The yellow table today created a furore and there which Mrs. Haffner-Ginger made the same color of yellow, the same color predominating in the table which she prepared. The wonderful help to many of those who to the cooking class, so when the fourth table is first viewed many pencils are higher

and one of the artistically decorated table Bullock's. These tables are proving The Times cooking class.

MURDER MORNING.

Goodies
LIKE MOTHER'S ARE HER PIES.
The Cooking Lesson's to Be a Crusty Affair.

Hafner-Ginger Planning Pleasant Surprises.
Delicious Pastries Among Best Things She Makes.

Not pies as good as mother's, but better pies, is what Bertha Hafner-Ginger has planned for this afternoon's lesson for the School of Domestic Science.

Mrs. Hafner-Ginger promises to make a small party of the school members, and to have a special treat for all who attend.

The domestic science lessons are being held Tuesday, Thursday and Saturday at 2 p.m. in the auditorium on the second floor of the 711 Building at First and Broadway. The lessons are free to all and you are cordially invited to attend.

Two Hundred Teachers Will Attend Institute to Be Held in Hanford Early in March.

HANFORD, Feb. 27.—Two hundred teachers of the schools of Kings county, as well as many others from all parts of the State, will take special interest in four lectures to be given by Dr. R. G. Boone of the University of California, before the seventh annual institute of the Kings County Teachers' Association, which opens March 10 for a three day session in Masonic Temple in this city.

Dr. Boone is one of the ablest authorities on methods of teaching, and is expected to give a most interesting and profitable course.

The institute is being held in Hanford, where it is expected to be a most successful one. The teachers are expected to be well represented, and the course is expected to be a most profitable one.

NEW LIBRARY
IS DEDICATED.
OPENING CEREMONY ATTENDED BY THOUSAND.

Residents of Garvanza and Highland Park Turn Out to Show Appreciation for Splendid New Building with Its Open-Air Reading Room and Children's Quarters.

The splendid new \$35,000 Carnegie library at Pasadena and Piedmont avenues, was formally dedicated last night, 1900 residents of Garvanza and Highland Park attending the exercises.

The building, situated on a commanding site overlooking the Arroyo Seco, is two stories in height. The interior appointments are the last word in comfort and completeness. The main floor, on one side, is reserved for adults and the other side for children, where small tables and chairs have been installed. On both sides are restrooms. The most distinctive feature of the building is the open-air reading-room with rustic chairs and tables.

The library has 5000 volumes on its shelves, and it is expected that the number will be greatly increased. All the books in the former Garvanza branch were transferred to the new building.

The dedication of the new building was attended by a programme befitting the occasion. Addresses were made by Henry M. Newmark, president of the Garvanza Improvement Association, State Assemblyman Roberts, Miss Elizabeth Packard, president of the Highland Park Ebell Club, and Mrs. Harriet Williams Myers of the Audubon Society. The music was furnished by a trio from the Highland Park Ebell Club composed of Mrs. S. O. Green, Mrs. R. P. Jennings, and Mrs. W. A. Roberts.

The librarian will be Everett R. Perry.

Wearing of Jewels.

Josephine's Attraction Was Not of Only One Kind.

One of the secrets of Josephine's dressing was simplicity.

Josephine never wore but one level at a time, although she loved to wear so many that they would not all get in the large jewel cabinet which she had at her disposal.

Modern women might well take the taste of Josephine as a guide for their own taste in the matter of jewels.

The hand that is laden with rings containing a dozen different stones is not half so attractive as the hand that is decked out with stones of only two kinds.

Certain stones can be effectively combined. Diamonds look well with pearls and other stones. Pearls can be safely worn with most other stones.

Remember that a single pearl, carefully chosen, is more effective than a dozen picked out at random.

Cities and Towns South of Tehachepi's Top—Los Angeles County News.

Pasadena. SCHOOL BONDS CARRY EASILY.

Two New Buildings Guaranteed by the Result.

Big Tract Near Altadena Country Club Transferred.

Pasadena Women Wage War on Unsanitary Billboards.

PASADENA, Feb. 28.—The third time proved to be the charm and the school bonds, which were twice before defeated, were carried overwhelmingly yesterday. The vote on the first proposition on ballot, which was that bonds to the amount of \$15,000 be issued for the repair and alteration of school buildings now in use, was 1446 for and 334 against. The vote on the second proposition, \$75,000 bonds for two new school buildings, one at Altadena and the other at La Puente Park, was 2181 for and 433 against.

The vote was light and there was little interest in the matter. As there was no organized opposition, as at the last election, it was a foregone conclusion that the bonds would carry.

The provision made by bonds that will now be issued by the Board of Education is far less than that which the board first asked, and which it says is necessary to well supply the two chief needs—increased school facilities in the two municipal districts outside of the city limits and within the Pasadena school district.

The straw vote on whether or not the city shall purchase the Throop institute property for a City Hall site and civic center was taken on separate ballots, dropped in separate ballot boxes. These ballots were counted until today. The ballot boxes were not opened last night.

BIG SALE IS MADE.

One of the largest real estate deals of the winter was consummated here yesterday, when Arthur O. Penman, a partner in the firm of Penman & Fox, of Toronto, Can., bought seventy-three acres of land adjoining the Altadena Country Club subdivision for a consideration of \$150,000.

San Bernardino. MYSTERY MAN IS IMPROVING.

Victim of Blackhanders Recovering His Reason.

San Bernardino Tailor Innocently Starts Big Blaze.

Los Angeles Business Men Attend Orange Show.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] SAN BERNARDINO, Feb. 27.—Marked improvement is being shown by Michael Halsech, man of mystery at the County Hospital, who is being re-educated as a result of his strange mental condition thought to have been caused by some mental shock or fear of the black hand. Relatives from New Kensington, Pa., are coming to take care of the invalid.

CITY BRIEFS.

The fair tale, "Snow White," was enacted by the younger pupils of the Orton school in an entertainment given there last night. They wore picturesque costumes. The lines were said in German.

James W. Foley read several of his poems at a banquet of the Washington Heights Club held at the Hotel Green last night. The banquet-room was decorated with the club colors, green and white.

The Pasadena High School student body hopes to send a team of four men to Chicago next June, at which time the school will compete for the high school championships of the world. If the team is sent it will probably consist of Leland Newby, sprinter; Neil Brown, broad jumper; P. Bagnard, discus thrower, and George Conn, who would enter for the 880-yard race.

Among the arrivals at the Hotel Raymond yesterday were Mrs. George Pullman and party of Chicago.

NEW CITRUS ASSOCIATION.

PORTEVILLE, Feb. 27.—For the purpose of maintaining the very high standards in orange shipping and packing, a new corporation was formed here today, to be known as the Foothills Growers, Incorporated.

W. L. Crowe and Charles L. Bullard, orange growers of this district, with H. R. Harrison, an investor of Los Angeles, are named as the incorporators of the company. They have closed a deal for the purchase of the plant, equipment, stock and good will of the O'Neill Fruit Company, through whose house the fruit will be packed.

It is stated that only a limited number of growers will be admitted to the corporation and that only the very highest grade of fruit will be packed and marketed.

Engage rooms now either direct with Hotel del Coronado or with Coronado Agency, 234 Spring st.—[Advertisement.]

Long Beach. CITY AROUSED OVER MATTER.

Long Beach Citizens Want Librarian Retained.

Mayor Charged with Wanting Place for Friend.

Former Denver Man on Board of Public Works.

LONG BEACH, Feb. 27.—Declaring that Mayor Wheaton, as head of the library board, desired the resignation of Miss Victoria Ellis, for ten years city librarian, so that he could place one more friendly to him in the office, powerful friends of Miss Ellis started a movement today to compel the library board to reconsider its hasty action accepting the resignation of Miss Ellis. Several petitions looking to this end were placed in circulation today.

A candidate for the position of librarian is Mrs. Cora M. Morgan, former stenographer for Mayor Wheaton. Mrs. Morgan, it is stated, was Mayor Wheaton's private secretary across the street from the library.

The city of Long Beach, impelled by the popular and unseemly clamor which the board met in special session and accepted the resignation of Miss Ellis, will take up the matter from the point of view of the city.

Special entertainment every minute at Hotel del Coronado.—[Advertisement.]

ESCONDIDO BRIEFS.

ESCONDIDO, Feb. 27.—Escondido lemon growers will receive about \$11,000 of the \$400,000 repatriation to the growers of Southern California as the result of the final decision of the Interstate Commerce Commission, on the basis of 15 cents per box, which has been held up pending the outcome of the litigation. Of this \$11,000 about \$7000 will be divided among the growers represented in the Escondido Fruit Growers' Association.

James T. Morrison, formerly manager of the Hage creamery in the San Luis Rey Valley, succeeds A. E. Watrous as manager of the Escondido Creamery, and will have charge in two weeks. Watrous will devote his attention to the poultry business.

Mr. and Mrs. G. R. Crane of Los Angeles, and their daughter, Miss Olive Crane, to visit at Hotel del Coronado, to Mr. and Mrs. W. F. Foster of Hanford, who will take place soon after Easter.

GLENDORA REVIVAL.

GLENDORA, Feb. 27.—The Baraca class of the Christian Church Bible school will begin a series of evangelistic work in Glendora. The class has been making plans for several months of its part of the campaign. The revival will be held at the church, Rev. L. O. Ferguson, and the music will be directed by Harry Shields, who has been in evangelistic work in many States. The Baraca class consists of forty men, and they will have the assistance of the Philanthropic League in Glendora. The opening theme of the pastor on Sunday will be, "Peter in Contempt of Court."

Johnson Exposed.

FRESNO REPUBLICANS HOLD RED HAT MEETING.

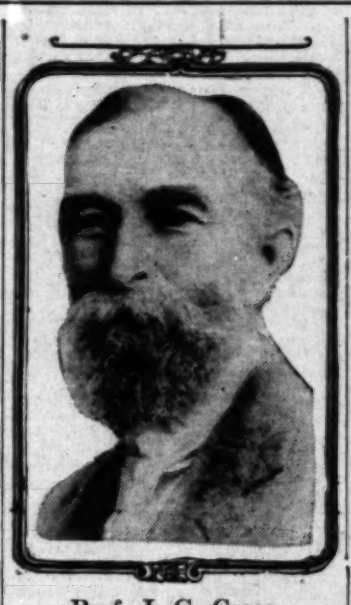

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] FRESNO, Feb. 27.—Hot shots were pelted at Hiram Johnson and his gang of politicians by William E. Smythe of San Diego in a big Republican mass meeting held tonight in the Theatre Fresno.

The theater was crowded to the doors by supporters of the Grand Old Party and Smythe attacked the Johnson administration as one of extravagance and criticized the Governor for his rank betrayal.

Smythe also hotly replied to "Chet" Rowell's editorial this morning that the San Diego man was a traitor and had jumped from Republican to Democratic and then back to the so-called Republican party.

The meeting was presided over by Col. J. E. Stone, a veteran of the Civil War, who is one of the leading Republicans of the county. An old American flag carried in the campaign of 1896 was draped on the stage. Telegrams of congratulation for the Republican party were received from Senators Works, La Follette and A. H. Hewitt, candidate for Governor on the Republican ticket.

The crowd cheered when the telegrams were read. Hewitt was unable to reach the city in response to the invitation from A. M. Drew.

Prof. J. G. Cross, inventor of popular shorthand system, who died yesterday in Monrovia.

Jesse George Cross, Who Devised a Shorthand Method, Dies at His Home in Monrovia.

MONROVIA, Feb. 27.—Prof. Jesse George Cross, 78 years old and for nineteen years a citizen of Monrovia, passed away Thursday in this city.

Mr. Cross had been sick only two weeks. He suffered a stroke paralysis while at his home. He was taken to a hospital in Los Angeles for special care, and for some days seemed to be on the road to recovery. However, complications set in, which, owing to his advanced age, he was unable successfully to combat.

Mr. Cross was always a well-known business educator in Illinois, but was especially noted as the inventor and author of one of the most widely known and used systems of shorthand in this country, "Eclectic Shorthand," and as a thinker and writer on general stenographic subjects.

Special entertainment every minute at Hotel del Coronado.—[Advertisement.]

Abbot Kinney Plans Deal with Los Angeles.

Salt Water for Fire Fighting and Plunging.

Missouri Woman Struck by Hollywood Car.

PACIFIC OCEAN IS FOR SALE.

Abbot Kinney Plans Deal with Los Angeles.

Salt Water for Fire Fighting and Plunging.

Missouri Woman Struck by Hollywood Car.

VENICE, Feb. 27.—Abbot Kinney is perfecting plans for supplying Los Angeles with salt water for fire fighting and fire insurance.

Abbot Kinney, who is planning to build a pier and bath-house at the foot of American avenue, to cost \$150,000. The directors are Eastman, M. Moore, Roy E. Barton, S. H. Holloway, C. E. Newbury, Thomas F. Rice and George L. Hoaden. They intend to start work on the pier about May 15, and they will build the largest and best bath-house on the Pacific Coast.

PROTECTION CAMPAIGN.

Orange Growers and Ranchers in the Vicinity of Pomona Would Prevent Further Damage.

POMONA, Feb. 27.—Orange growers and ranchers in the Pomona, Claremont and Chino districts are giving considerable attention to the fire-fighting equipment. They have completed plans for installing new large force pumps at the local power station, which, according to the engineer, will be capable of pumping water daily.

At the Los Angeles and Hollywood districts, where a recent fire was a blight to give sufficient water, it will take sixteen miles of 10-inch pipe to carry the water from here to Los Angeles. Kinney said today nothing definite has been determined, but that he is ready with the estimate and plans for the city of Los Angeles is ready to start.

The salt water system now being put on for all State offices voted on at the present time. Kinney said there are several persons who have been considering supplying all the spirit of "boasting" but who are not putting in practice in the city of Los Angeles is ready to start.

Among the planks in the platform of the Good Government League adopted tonight are recommendations for extension of the sewerage system; a liberal policy of all sections of the city; extension of the acquisition of public lands; the construction of resthouses for the poor; the encouragement of the acquisition of public lands; the league is not affiliated with any other organizations of similar nature, many of the members are men of means, and the local body means election, say the principal members.

STRUCK BY CAR.

Mrs. Lucy Warren of Jacksonville, guest of J. T. Combs of Los Angeles, was struck by a south-bound street car on Broadway and 10th streets last night. She was taken to the hospital and is expected to recover.

JORDAN'S TIPS TO CANDIDATES.

Give Official Figures for Nomination Petitions.

Politicians to Be Kept Busy Securing Signatures.

Interprets the Primary Law for Coming Election.

[BY A. P. NIGHT WIRE.] SACRAMENTO, Feb. 27.—Secretary of State Frank Jordan announced today the number of signatures which candidates for any Federal, State or county subdivision must secure to obtain nomination petitions. Party candidates must secure signatures equal to not more than one-half of 1 per cent, and not more than 2 per cent, of their party vote at the last election. Candidates for partisan nomination in a political subdivision of the State must secure a minimum of 1 per cent, and not more than 2 per cent, of the total vote cast by all political parties at the last election in the State or in its political subdivision.

OFFICIAL FIGURES.

Secretary Jordan's official figures for all State offices voted on throughout the State, including United States Senator:

Republican and Progressive, 2142 to 4644; Democratic, 118 to 4672; Socialist, 197 to 1583; Prohibitionist, 46 to 468.

For State Superintendent of Public Instruction, 100 to 1002; Progressive, 100 to 1002; Democratic, 100 to 1002; Socialist, 100 to 1002; Prohibitionist, 100 to 1002.

For Associate Justice, First Appellate Court, minimum, 1249; maximum, 5212.

For Associate Justice, Second Appellate Court, minimum, 1232; maximum, 5212.

For Associate Justice, Third Appellate Court, minimum, 1211; maximum, 5212.

For Congress, First District—Republican, 106 to 211; Progressive, 284 to 497; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 17 to 10.

For Congress, Second District—Republican, 102 to 203; Progressive, 214 to 448; Democratic, 297 to 592; Socialist, 46 to 121; Prohibitionist, 15 to 92.

For Congress, Fourth District—Republican, 114 to 211; Progressive, 181 to 361; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 7 to 1.

For Congress, Fifth District—Republican, 240 to 459; Progressive, 214 to 497; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 7 to 1.

For Congress, Sixth District—Republican, 253 to 705; Progressive, 215 to 629; Democratic, 245 to 489; Socialist, 46 to 121; Prohibitionist, 12 to 10.

For Congress, Seventh District—Republican, 240 to 459; Progressive, 214 to 497; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 7 to 1.

For Congress, Eighth District—Republican, 240 to 459; Progressive, 214 to 497; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 7 to 1.

For Congress, Ninth District—Republican, 240 to 459; Progressive, 214 to 497; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 7 to 1.

For Congress, Tenth District—Republican, 240 to 459; Progressive, 214 to 497; Democratic, 257 to 619; Socialist, 46 to 121; Prohibitionist, 7 to 1.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The Public Service Commission yesterday asked the City Attorney to prepare the legal papers so that the Monolith cement plant may be sold or leased on short notice. Chief Engineer Mulholland wants to use a part of the proceeds from such sale for the purpose of extending the infiltration tunnels in the Los Angeles River.

A legal tangle has arisen as to what department shall repair the break in the dam of the old East Side reservoir. A reservoir must be maintained or the property will revert to the donors.

City Assessor Mallard has been giving daily drills this week to the eight young women who will be in the list of deputy assessors to be put into the field next Monday morning.

One city employee was discharged, another deranged, and several others given warnings to mend their ways by the Board of Public Works yesterday, in its determination that municipal employees must be on time at their work and put in a full eight-hour day.

The inventory and appraisal of the estate of the late Charles A. Canfield, the multi-millionaire oil man, filed in the Probate Court yesterday, gives the value as more than \$1,000,000. When the will was filed for probate last August the estimate was not in excess of \$4,000,000.

At the City Hall.

SELL OR LEASE CEMENT PLANT.

WATER BOARD'S PREPARATION FOR QUICK ACTION.

Mulholland Would Use Part of Proceeds to Extend System of Infiltration Tunnels on Los Angeles River—Two Concerns Are After Municipal Plant.

Sale or lease of the Monolith cement plant at the earliest possible date is the firm determination of the Public Service Commission. Negotiations with the county for its purchase have come to a painful halt. The Supervisors have bridge to build and roads to make and storm drains to repair, so much an extent that they want to postpone further consideration of the cement plant purchase.

Chief Engineer Mulholland informed the Public Service Board yesterday that he is anxious to make extensions of the infiltration galleries in the Los Angeles River, that the system has proved its value in that by reason of the river becoming more and more a place of resort the direct waters may be polluted, while the tunnels provide a source that gives filtered water and clear water in time of storm.

The sale of the cement plant would give a surplus of money for the purpose of extending these galleries. It is estimated that \$100,000 would be required for this purpose. Incidentally, Mulholland stated that the city at present is not receiving any water directly from the river, as it supply first passes through the infiltration chambers.

He urged that as the county does not appear to be in a position to take over the cement plant at this time, preparations be made as to legal proceedings, so that it may be sold or leased as soon as possible. Mulholland stated that he had had two concerns after the plant within the past three days, but found that there was so much legal red tape involved in the affair that he was almost discouraged.

The board agreed with him that the plant should be sold or leased at once, and requested the City Attorney to prepare the necessary legal papers so that they might be presented at the next regular meeting, thus paying the way for speedy action.

Who'll Mend Dam?

The possession of the old reservoir site above Eastlake Park rests in the hands of the Public Service Commission. The place must be maintained as a reservoir or the city will revert to the donors, the old Griffith estate. The water department has absolutely no use for a reservoir at that location, but the Park Commissioners want the city to retain the land in the hope that it may be utilized eventually for park purposes. Its maintenance is assigned to the park department.

During the recent storm the dam burst and the water escaped. It must be restored or the place ceases to be a reservoir and the title becomes endangered. The park department has no money to spend on it, and the water department has no money to spend on a dam for which it has no use. The City Attorney was asked by the Public Service Commission yesterday to find a way out of the tangle.

As Collection Agents.

Notice was served upon the Public Service Commission yesterday that it would be expected by the assessors of Inyo and Kern counties to furnish the names of municipal employees on aqueduct or aqueduct power work in those counties. The city is to withhold from such persons wages sufficient to pay their poll tax and hold same for these county officers.

In this connection the board discussed the subject of payment taxes in Inyo and Mono counties. Heretofore the taxes have been paid under protest, but as a matter of policy, as Inyo county would be badly hampered were it not for the taxes paid by this city. The subject of payment of this year's taxes was referred to the City Attorney for his advice.

Women for Assessors.

During the past few days City Assessor Mallard has been drilling the eight woman deputy assessors who are to be put into the field next Monday as a part of the corps of forty-five persons who are to work in the field. These eight young women have passed the civil service examinations with high standing. They must complete their field work by May 10, and then will be transferred to the office work, where a vast amount of labor is necessary in transferring the field notes to the regular assessment rolls.

The octets of women assessors includes Misses Carrie A. Hotchkiss, Lillian E. Hixon, Emma Bishop, Josephine Hill, Irene B. McIntosh, Martha P. Torrey and Ellen McKinney and Mrs. Anna M. Jaynes.

Discharged—Deranged.

One man discharged from municipal service and one deranged, with several others cautioned to look well for their ways lest they, too, should fall under the ban—this was the result yesterday of the Board of Public Works' investigation as to the conduct of employees in the City Engineer's department. The investigation

has been in progress for several weeks, and came to a head yesterday.

Upon the recommendation of Assistant City Engineer Hansen, the board dismissed Robert J. Kitts, a draftsman, on salary of \$117 per month, for reporting late for duty on numerous occasions, failing on others to punch the time clock. H. L. Power, a draftsman, was deranged as it was stated that he was protecting Kitts by punching the time clock for him when he did not appear on time.

Kitts has made a plea for reinstatement, declaring that he has more than made up the time lost by working late Saturday afternoons and in the evenings.

A new warning was issued by the Board of Public Works, informing all employees under its jurisdiction that they must be in their places of duty at 8 o'clock in the morning and 1 o'clock in the afternoon, and put in their full eight hours on city work.

New Chief Deputy.

J. A. Rosenthal has been appointed chief deputy of the City Tax and License Collector's office, vice J. S. O'Connell, resigned, and has his official duties yesterday. Rosenthal was formerly connected with the United Grocers Company, and recently has been engaged in the real estate investment business. Smart resigned to become manager of the Santa Ana Wholesale Grocery Company at Santa Ana.

Municipal News Notes.

The Board of Public Works yesterday gave its approval to the specifications presented by the City Engineer for extending the trestle bridge in Eastlake Park, between Wilmington and Long Beach, a distance of 150 feet. The recent storms washed out the roadway fill at the eastern end of the bridge, and the City Engineer has decided it is better to extend the bridge and increase the space for storm drains.

All of the public utilities companies that use Vernon Avenue have notified the Board of Public Works that they will place their mains in this street before the paving is begun between Figueroa street and the western city limits.

The Board of Public Works will advertise at once for bids for the improvement of Avenue 42 and Glenalbyn driven from Marlton west to Avenue 42. The City Engineer yesterday submitted his estimate of the cost of this improvement, placing the figures at \$7725. Previous bids received were considered excessive.

On account of rain the teams of the Metropolitan Contracting Company, engaged on street sprinkling, were laid off several days the past month, but the company wants to pay for this lost time. The Board of Public Works decided yesterday that the \$446.40 demanded for such period cannot be granted.

Jake Hein has been cited to appear before the Board of Public Works Monday to show why he should not be declared an irresponsible blunderer on public work. Hein's trouble has arisen over the charge that he allowed his dump fifty wagonloads of earth and rubbish on private property without permission, and that he sold the Hein denies responsibility for the acts.

Because of the absence from the city of members of the Fire Commission, the regular meeting will not be held this morning, but has been postponed until Monday morning at 10 o'clock.

At the Courthouse.

ASSETS HEAVY IN OIL STOCK.

THE CANFIELD ESTATE TOTALS NEARLY NINE MILLIONS.

The inventory and appraisal of the estate of the late Charles A. Canfield filed yesterday by Frank P. Sproule and Frank H. Ryder shows a value of \$8,444,593.14. The assets show heavy investments in the Mexican Petroleum Company, Ltd., the American Oilfields Company and other corporations.

The inventory shows cash on hand, \$751,064.86; stocks and bonds, \$5,971,081.93; notes, \$491,375.22; real estate, \$1,565,580.74; Brawley ranch, \$2872; Vista warehouse, \$1800; Del Mar residence, \$3992.35; No. 803 Alvarado street, \$47,400.

The personal property includes the following ranches, Workman, \$11,421.50; Sage, \$10,474.95; Sevilla, \$2526.18; Gird, \$7321.33; Tatum, \$3521.90.

Canfield's horses, consisting of blooded stock, are listed to include those at Exposition Park, \$2110; Compton ranch, \$1290; Bohun ranch, \$590.

Canfield's will was filed for probate August 26, 1912. The estate at that time was estimated not to exceed \$6,000,000. Under the will, \$1,000,000 were distributed to the four daughters in sums of \$1,000,000 each, namely, Florence E. Whitney, Daisy C. Daisner, Caroline C. Spalding, Helen Canfield.

Miss Dorothy Canfield, the adopted daughter, was given \$25,000 in trust. Charles O. Canfield, the son, was allowed an income of \$1200 a year.

SEEMS UNLIKELY.

TALE OF A HOUSEKEEPER. "I was awakened by the glare of a flashlight and was surprised to find Mr. Keppler asleep on the bed," testified attractive Mrs. Nellie Cruz, correspondent in the divorce suit of Mrs. Joseph Keppler in Judge Morrison's court yesterday. "I thought burglars were in the house."

"I was asleep in the next room and when Mrs. Cruz knocked on the wall and said she had cramps, I went into her room with whiskey to relieve her," testified Keppler. "I sat on the edge of the bed fanning her and dozed off. When my wife and the officers broke into the room I was dozing with sleep and did not know where I was."

As Mrs. Cruz took refuge in a clothes closet scantily attired and Keppler was also simply clad, the story did not impress the court as ringing plausibly, and he granted Mrs. Keppler a decree of divorce, giving her the property at No. 2512 East Third street. Keppler's house he owned at Redondo Beach.

How Mrs. Cruz, young and a divorcee, happened to be Keppler's housekeeper was the romance of a newspaper advertisement. Keppler engaged her on the agreement that she would not receive wages. They

went out much together. Mrs. Keppler left her husband after he said: "I have a woman to cook my meals; don't let me see you here any more." Keppler, who is a machinist for the Salt Lake Railroad, was married at Loganport, Ind., April 10, 1893.

GETS MONEY BACK.

UNBOUND INVESTMENT. L. B. Stookey, who bought twenty shares of stock of the Merchants' and Insurers' Reporting Company, judgment having been given against him in another court and execution issued to collect from him \$357.40, won the judgment yesterday as defendant in Judge Shenk's court.

Stookey gave three notes for \$100 each for the stock. He accepted the representations of an agent as to the alleged prosperous condition of the corporation, but the testimony showed that the corporation sold considerable stock, paying most of the money received from the sale of the stock in commissions. It was also shown that properly it was not an insurance company, but was only authorized to do an insurance brokerage business and act as agent for an insurance company.

From June, 1910, to June, 1912, the evidence showed there was a deficit of \$40,000. It was shown that during the period that Stookey bought his stock, he was given judgment for \$452.44, which included the refund of one note he paid.

SUIT STAYED OFF.

ARGUMENTS GO SLOWLY. On the promise that affairs would remain unchanged, Attorney Hickok, representing the Home Builders of Los Angeles, did not press the motion for a receiver or a restraining order against the Home Builders and other defendants before Presiding Judge McCormick yesterday, although asked for an order to show, which was granted. It will be heard by Judge Welborn March 3.

At that time Hickok will argue for a receiver and an injunction to restrain the defendants from transferring or voting 165,000 shares of the capital stock, which were turned over to the defendants for \$100,000. Col. McCormick yesterday said that the real estate. The plaintiffs state they never received the certificates.

JUDGE AND ATTORNEY.

COURT SERVES FOR BOTH.

By a frank appeal to Judge Monroe yesterday Lawrence Grimes won a decree of divorce without an attorney. He informed the court that his attorney had been called out of town, but because of that he did not want his divorce suit to go off calendar.

When Judge Monroe asked if he wanted him to act as his attorney, although warning him he might decide the other way, Grimes replied he would take a chance.

His story was that he was married at Alliance, O., July 3, 1904. While he was working at nights his wife, an actress, danced. Her name was connected by gossip with other men, and although he did not believe it, he offered to take her to South Dakota, where he would take up government land. She agreed, but in household goods and disappeared.

"We have won your case, Grimes," said Judge Monroe after corroborating testimony. "Now, if you do as smooth work with Clerk Hughes he will probably enter the decree and send you out of the court."

Grimes gladly did so.

COURTHOUSE NOTES.

BREVIETTES MISCELLANEOUS.

LAWYER NAMED. Attorney L. W. Juten, who, with former United States Senator Flint, broke the will

"The Marvel" Offers High Grade Millinery at Moderate Prices

At no other time has our stock been so replete with beautiful hats and trimmings. We have spent months to make this stock the best all-round millinery stock in the west, and we feel that you will recognize our superiority the moment you visit our store.

We have, besides evening and street hats of our own conception and manufacture, the finest ready-to-wears made. Such makers as Phipps, Crosby, Atchison and Burgess are well represented in our stock. Untrimmed hats from Seybel—the world's best—are here.

Our stock of trimmings is very complete. All the new ideas in novelty flowers, fancy stick-ups and wreaths are here. Jet, the season's most popular trimming, in all new effects, including beads, cabashons, ornaments, bands and stick-ups are here in great profusion.

Our prices will prove exceedingly moderate. We welcome your inspection whether you purchase or not.

THE LAW against importing Paradise is now in effect. We have just received our L. A. S. consignment of these beautiful trimmings—in all the newest branchings, including the season's latest effects in jet finishing. Despite their scarcity, we will offer them together with our large stock of French ostrich plumes at 1/4 off.

This is the most important offering we have issued in a long time.

JUDGMENT GIVEN. The United States Fidelity and Guaranty Company obtained judgment for \$1428.21 against Dr. L. O. Wilcoxon and wife in Judge Work's court yesterday, as assignees of creditors who obtained judgment for clothing for powerful Wilcoxon in Seattle. Dr. Wilcoxon has two criminal charges pending against him for allegedly having falsely obtained from William La Case \$500 and \$4000 from J. H. Rose of Seattle in the alleged bank trust.

ON PROBATION. L. J. Fahlen, a salesman, charged with failing to provide for his wife and child, who had been on the water wagon six weeks, said he fell off when he took a drink because of the water wagon, and was ordered to provide for his family. Judge Monroe yesterday put him on probation for eighteen months and ordered him to pay his wife \$6 a week.

AWARDED DAMAGES. F. C. Kessler was awarded judgment for \$1250 damages by a jury in Judge Wood's court yesterday for personal injuries in his suit against the California Drug and Chemical Company. He alleged that the company had a malicious character than he ordered from the concern exploded in a retort he was using and burned his face and body.

MOTION DENIED. A. R. Campbell, a sheet-metal worker, who is charged with failing to provide for his daughter Ida, aged 5 years, asked for a change of venue yesterday. The judge denied the motion, and the case set for Monday.

INCORPORATIONS. Automobile Club of California; incorporators, H. P. Hubbard, M. A. Dixon; C. H. Bretherton. California Motion Picture Corporation; incorporators, M. H. McCarty, A. W. Baker, E. W. Chase, W. H. Miller; capital stock, \$25,000; subscribed, \$12,750. C. H. Smith Sign Company; incorporators, C. H. Smith, P. H. Solomon, H. Polhill; capital stock, \$6000; subscribed, \$6000. Creditors' Mercantile and Bond Company; incorporators, George H. Wagoner, A. K. Urquhart, N. L. Maguire; capital stock, \$50,000; subscribed, \$20. The Lord Stuart Gold Company; incorporators, Joseph K. Tuttle, Clinton Sayles, Edna E. Trimble, Roger P. Jones, J. Royal Lemon; capital stock, \$1,000,000; subscribed, \$5.

COURT IN SAN DIEGO. Judge Welborn of the United States District Court will be in San Diego next week, and there will be no court in his department at the Federal Building. Judge Rudin will preside in the Circuit courtroom. For the first time in several years a term of the federal court will be held in San Diego, and several criminal complaints will be disposed of.

TO REPAIR TRAILS. Supervisor Charlton was successful in securing aid from the Board of Supervisors of San Bernardino county, as the result of his visit that body appropriating \$1250 for the repair of the mountain trails in that county. This is enough for the work, but the Supervisor is enthusiastic in his belief that later on he will get an appropriation for the permanent repair of the trails.

The labor of rehabilitation is now going on at a half-dozen places in San Bernardino county.
